How to print these pages

1. Open the page you want on kaiadraw.com, or print straight from this book.
2. Choose US Letter (8.5 x 11 in) in the print dialog. On A4 paper, tick Fit to Page or Shrink to Fit.
3. Print at 100% scale, in black and white. Color printing is not needed for line art.
4. Plain copy paper (20 lb / 80 gsm) suits crayons and colored pencils. Cardstock (65 lb / 160 gsm or heavier) holds up to markers.
5. Pages with a lot of small detail are easier with sharp pencils. Wide, simple outlines are easier with crayons.

About these pages

Published by Kaia, a painter working from Sonoita in southern Arizona. These are friendly cartoon line drawings made to be colored, not fine-art style pages. One page shows a nativity scene as a Christian tradition; the rest are snow, animals, baking and Santa story pages.
